Dear Election Official:

Thank you so very much for your service.

This manual serves as your poll operations guide on Election Day. In addition to providing an overview of Jefferson County’s state-of-the-art voting equipment and poll pads, most of the questions that occur on Election Day regarding precinct procedures can be answered by this manual. I encourage you to study it prior to the election and use this manual on the day of election as a source of reference.

This manual attempts to cover most situations that could occur; however, it is impossible to cover every possible situation in this manual. Therefore, Jefferson County provides numerous training opportunities before elections and provides support on Election Day. We ask that you please attend the training sessions, watch the training videos that are provided at jeffcoprobatecourt.com under the Elections tab, and, during Election Day, call with any questions you may have. A listing of telephone numbers is listed in the back of this manual.

Our poll officials have many duties and responsibilities and are the heart of our elections process in Jefferson County. Many of you have worked as poll workers for decades and have seen how the responsibilities of our poll officials have increased and evolved over the years. Some of these duties were the result of changes in federal election legislation, and some of the additional responsibilities were implemented to improve elections in Jefferson County.

Ensuring a safe, fair, and accurate election encompasses not only the tabulation equipment itself but also the people within the system. Thank you for your diligent work before, during, and after each election to make certain that our elections are safe, fair, and accurate. Our success relies on you. This process could not occur without your hard work to protect and promote the public’s trust and confidence in our election system.

Thank you,

Judge James P. Naftel
Jefferson County Probate Judge

*The “Jefferson County Election Commission” is the shorthand designation for the Appointing Board and Canvassing Board, two elections-related Boards created under Title 17 of the Alabama Code. Each is comprised of the Probate Judge, Sheriff and Circuit Clerk. While the duties of the Appointing Board and Canvassing Board are limited by statute, the Jefferson County Election Commission comprises the same three members and has the goal of promoting consensus, transparency, and open dialogue in the conduct of elections in Jefferson County.

Chief Election Official
HELPING AMERICA VOTE ACT – HAVA

HISTORICAL BACKGROUND

In the 2000 United States Presidential Election, almost two million ballots were disqualified based on the possible technicalities of multiple registered votes or none when run through certain types of vote-counting machines. The reaction surrounding this controversy gave birth to the Helping America Vote Act also known as HAVA. HAVA was established and signed into United States federal law as of October 29, 2002, by President Bush.

GOALS OF THE HELPING AMERICA VOTE ACT - HAVA

- To establish a program to provide funds to states to replace punch card and lever-based voting systems.
- To establish the Election Assistance Commission (EAC) to assist in the administration of federal elections.
- To aid with the administration of certain federal election laws and programs.
- To establish minimum election administration standards for states and units of local administration of federal elections, and for other purposes.

MANDATES OF THE HELPING AMERICA VOTE ACT - HAVA

The Help America Vote Act (HAVA) mandates that all individuals who come into a polling facility on election day must be allowed to vote.

If the voter is not in the poll pad and you cannot identify which precinct the voter is registered, please contact the Board of Registrars for voter eligibility and voting location.

Provisional Ballots are also available to voters with eligibility and location issues.

Bottom Line: DO NOT DENY ANY VOTER THE RIGHT TO VOTE!
ELECTION OFFICIALS AND DUTIES

Election Officials (poll workers) are the face of Jefferson County’s Elections Division on election day. While serving as Jefferson County’s representatives at the polls, poll workers see and associate with voters during each election. As Jefferson County’s front line election representatives, Jefferson County expects nothing but the utmost professionalism to be presented to each voter.

CHIEF INSPECTORS/PRECINCT RETURNING OFFICER
The Chief Inspector shall oversee the voting place and shall serve as returning officer for the voting place in accordance with § 17-8-1, Code of Alabama, 1975.

ASSISTANT CHIEF INSPECTORS
The Assistant Chief Inspector shall be second in charge and assist the Chief Inspector, who oversees the precinct. The Assistant Chief Inspector shall oversee the Voter Check-in Clerks and ensure the Ballot Distribution Clerks are providing the proper ballot style to each voter. If the voter’s name does not appear as either ACTIVE or INACTIVE on the electronic poll pad, gather the voter’s name and social security number then proceed to call the Board of Registrars at 205-325-5550 to verify the voter’s status.

VOTER CHECK-IN CLERKS
The Voter Check-In Clerk shall check the valid photo ID provided by each voter and locate the voter’s information on the electronic poll pad by either scanning an eligible ID or performing a manual search. After locating the voter’s information, the Voter Check-In Clerk shall instruct each voter to verify his/her information on the electronic poll pad, then sign if the information is correct. (NOTE: In a Primary Election, the Voter Check-in Clerk(s) will instruct the voter to choose a party prior to signing the electronic poll pad.) The Voter Check-In Clerk will then initial on the Poll Worker Verification Screen and provide the voter with the printed ballot receipt and direct him/her to the Ballot Distribution Clerk.
BALLOT DISTRIBUTION CLERKS
The Ballot Distribution Clerk shall retrieve the ballot receipt from the voter, match the ballot receipt number to the ballot with the exact style and number specified on the bottom of the receipt and place it in Envelope BR-1, then give the voter following items:

- Ballot (must match ballot receipt)
- Secrecy Folder
- Marking Device

The Ballot Distribution Clerk shall instruct voters to use only the marking device provided, where to go to mark the ballot, and where the ballot counter is located for the voters to deposit the ballot after marking it.

BALLOT COUNTER CLERKS
The Ballot Counter Clerk shall give voters any needed assistance to deposit the marked ballot in the ballot counter. The Ballot Counter Clerk will ask voters for their marking device and secrecy folder. The Ballot Counter Clerk shall alert the voter if the ballot counter rejects the ballot.

PROVISIONAL BALLOT OFFICER
The Provisional Ballot Officer (PBO), who may also hold other duties in the polling place, shall direct an individual to cast a provisional ballot when he/she determines that it is necessary. The PBO will follow the proper steps to assist the voter in casting a provisional ballot and direct the voter to place the ballot in the orange Provisional Ballot Bag. The PBO and the Precinct Closing Clerk will make certain the Provisional Ballot Bag is returned on election night by the Chief Inspector (Precinct Returning Officer).

PRECINCT CLOSING CLERKS
After the precinct closes at 7:00 P.M., the Precinct Closing Clerks (under the supervision of the Chief Inspector) are responsible for the removal of all voted ballots from the voting machines, placing the voted ballots in the black Voted Ballot Bag, and for following all procedures in packaging the election materials in the proper envelopes so they can be transported by the Precinct Returning Officer to Jefferson County Sheriffs on election night.
EXPECTATIONS OF ELECTION OFFICIALS

The primary objective of all election officials is to assist every registered voter with the casting of the correct ballot, that each registered voter always encounters a non-partisan environment, and ensure each ballot is safely secure until returned to the Sheriff’s department at the end of election night.

ELECTION DAY EXPECTATIONS OF CONDUCT

- All Election Officials are to work as a team and assist one another.
- **Be Non-Partisan!** Political, candidate, and/or controversial communication is not permitted by poll workers, amongst poll workers, and not with voters.
- Do not make assumptions or create answers. Redirect to Chief Inspector for clarification.
- Be attentive while providing exceptional customer service.
- Always maintaining a clean and well-organized area.
- Do not have food present at workstations.
- Remaining unbiased despite any differences of voters or fellow workers may share.
- Providing a positive atmosphere for voters.
- Business casual attire (no pajamas, house shoes, hair bonnets, campaign attire, etc.)
- Use discretion when using your phones. Phones must be on silent or vibrate.
- Beverages should not be on tables and should always have a top covering.
- Chief Inspector will designate breaks and should be honored by poll worker.
- Always respect the facilities and their rules. You are a guest.
- **Do not argue – amongst each other, with poll watchers, and not with voters.**
- Follow simple instructions that are provided by the Chief Inspector.
- Do not deny anyone the right to vote.
- Prepare, open, and close the polling place location.
- Distribute correct ballots to voters.
- Assist voters in every aspect of the voting process.

FAILURE TO COMPLY WITH THE ELECTION DAY EXPECTATIONS OF CONDUCT WILL RESULT IN YOUR IMMEDIATE REMOVAL FROM THE POLLING PRECINCT, PERMANENT LOSS OF POLL WORKER STATUS WITH JEFFERSON COUNTY, AND THE FORFEITING OF COMPENSATION FOR SERVICES RENDERED ON ELECTION DAY.
REQUIREMENTS & COMPENSATION OF ELECTION OFFICIALS

REQUIREMENTS OF ELECTION OFFICIALS

- Must be 18 years of age.
- Must be a registered voter in the State of Alabama.
- Must reside in Jefferson County.
- Must attend mandatory poll worker trainings. No Exceptions!
- Cannot be a member of candidate’s family.
- Your name cannot be on the ballot.

COMPENSATION OF ELECTION OFFICIALS

- Chief Inspectors - $200.00
- Assistant Chief Inspectors - $150.00
- Clerks - $150.00
- ½ day Clerks - $75.00

In accordance with § 17-8-12, Code of Alabama, 1975, poll workers are paid for school attendance, training, and election day services. All poll worker compensation is combined in one lump sum resulting in the amounts listed above under compensation of election officials. Payment to poll workers will be mailed to the addresses submitted to the election’s office no more than two (2) weeks after each election. Please ensure that you sign the payroll voucher at the end of the day to avoid a delay in the processing of payments. Lack of submission of your social security number, signature on the payroll voucher, and the correct address will delay payments. Poll workers must attend in-person training. Anyone who participates in training but does not work on Election Day, will not be compensated for training.

Applications to become a poll worker for Jefferson County can be found on our website at www.jeffcoprobatecourt.com/elections/pollworkers/. - Use of mobile phones or cameras should not disturb any other voters or disrupt the polling place in any way.
- Voters are not allowed to take general photographs, such as photos of the room where the voting takes place, as it may intimidate other voters.
- The right to vote a secret ballot is essential. Photographing or otherwise revealing the contents of another voter’s ballot is not permissible and is a Class A Misdemeanor.

*Video recordings are also not permitted inside polling places under any circumstances, for questions about video recordings during an election, please contact the Secretary of State at 334-242-7210.
CROSS-OVER VOTING

Cross-Over Voting only applies in Primary and Primary Runoff Elections.

- On primary election day, a voter participates in the primary election of one political party. That voter may only participate in the primary runoff election of that same party (§ 17-13-7.1).
- If the voter did not participate in the primary election or voted an issues-only ballot, he or she may choose to vote in either political party runoff election.
- During primary elections, voters must notate in the appropriate place on the poll book the party primary in which the voter participates.
- During primary runoff elections, poll workers must verify the party indicated on the poll list and may only allow the voter to participate in the party primary runoff indicated.
- If the voter disputes the political party indicated on the poll list when they appear on the date of the primary runoff election, please direct the voter to the provisional ballot officer.

Voted a Democratic Ballot in the Primary Election

Can only vote in the Democratic Primary Runoff Election

Cannot vote in the Republican Primary Runoff Election

Voted a Republican Ballot in the Primary Election

Can only vote in the Republican Primary Runoff Election

Cannot vote in the Democratic Primary Runoff Election
SPLIT-TICKET VOTING

A voter may participate in only one political party’s primary (§ 17-13-7(a)); therefore, split-ticket voting is prohibited during the primary and primary runoff phase of the election cycle.

SPLIT-TICKET VOTING IN A PRIMARY OR PRIMARY RUNOFF ELECTION

- In a primary or primary runoff election, a voter must tell the polling official in which party election he or she wishes to participate (§ 17-13-7(b)). The voter will then receive a ballot containing only the names of that political party’s candidates (§17-13-8).
- In a primary or primary runoff election, a voter may not select among one political party’s candidates for one office and then vote for another political party’s candidates seeking a different office.

EXAMPLE:

A voter may not vote for one political party’s candidates for president and then, in the same primary election, vote for another political party’s candidates in a congressional, state, or county race.

SPLIT-TICKET VOTING IN A GENERAL ELECTION

In a general election, voters may select candidates from different political parties (§17-6-38). This is split-ticket voting. A voter may vote for only candidate for each office.

Did not vote in a Primary Election  Can vote in either a Republican or Democratic Primary Runoff Election
WRITE-IN VOTING

Write-in voting applies only in a non-municipal General Election.

Because primary and primary runoff elections are political party functions, a voter may choose only among those names the political parties place on their ballots. Therefore, the voter may not write in a vote in a primary or primary runoff election.

A voter may cast a write-in vote in a non-municipal general election (§17-6-28).

To cast a valid write-in vote, the voter must do the following:

- Write the name on the ballot (§17-6-28).
- Register the vote by placing a mark on the ballot in the space designated for that office (§17-6-28).

SPOILED BALLOTS

- If a voter accidently or mistakenly spoils the ballot and he or she cannot conveniently or safely vote using the ballot, the voter may return the ballot to the chief inspector, and the voter will be given another ballot (§17-9-14(a)).
- Spoiled ballots shall be placed in the envelope provided for spoiled ballots (§17-6-28).

Once a ballot has been declared spoiled and returned to the chief inspector, the chief inspector will tear the left corner of the spoiled ballot and place it in the spoiled ballot envelope. Once the spoiled ballot has been properly handled, the chief inspector can then give the voter another ballot.
VOTING ASSISTANCE

Voters have the right to assistance. The voter does not need to state a reason for requesting assistance (§17-9-13(a)).

- RIGHT – any voter who requests voting assistance may receive help from any person the voter chooses except the voter’s employer, an agent of the employer, or an officer or agent of the voter’s union.

- PROCEDURE – to obtain assistance, the voter can request assistance from any person the voter chooses except the voter’s employer, an agent of the employer, or an officer or agent of the voter’s union, once the voter has completed the check-in process and selected the assistance required box, the person assisting will then sign in the ASSISTANCE REQUIRED section of the electronic poll pad as directed by the Voter Check-in Clerk (§17-9-13(a)).

- DISABLED VOTERS and SENIOR CITIZENS – the voting process must be accessible to persons with disabilities (§17-2-4(c)) and senior citizens. Polling officials shall make available voting aids, and poll workers shall extend courtesy and consideration to persons with disabilities and senior citizens and offer assistance when requested.

*Effective September 1, 2015, Act of Alabama 2015-288, permits an election official (poll worker) to allow a voter who is physically disabled or over the age of 70 to move to the front of the line at a polling place upon request of the voter.
INACTIVE VOTER AND UPDATING

A voter may be placed on the Inactive Voter List if the Board of Registrars is unable to confirm the voter’s address through the NVRA-compliant voter file maintenance process (§17-4-30).

Voters on the Inactive Voter List are indicated/flagged on the poll pad as Inactive. Once on the inactive list, the voter can be restored to “active” status by updating his or her address information with the Board of Registrars (§17-4-9).

**Note:** A voter listed inactive may vote a regular or provisional ballot after the voter completes the Voter Reidentification Update Form (§17-4-9) depending on the reason the voter became inactive.

INACTIVE VOTER – THE ELECTION OFFICIAL (POLL WORKER) SHOULD:

- Inform the voter that he or she is on the inactive list because the Board of Registrars needs to obtain current address information from him or her.
- Provide the voter with a Voter Reidentification Update Form (NVRA-20) included with election day supplies and instruct the voter to fill out the form completely.
- If a change in address does not change the voter’s polling location, allow the voter to vote following the standard voting procedures after completely filling out the Voter Reidentification Update Form (NVRA-20) and returning it to the election official. **This voter can vote a regular ballot.**
- If a change in address is within the same county and changes the voter’s polling location, direct the voter to the new polling place. Inform the voter that he or she will be required to vote a provisional ballot at the new polling location, Davis v. Bennett, 154 So.3d 114 (ALA. 2014), but once the properly completed PB-3 form and the Voter Reidentification Update Form (NVRA-20) are received by the Board of Registrars, the vote should be counted.
- If a change in address is outside the county, the person is not eligible to vote in Jefferson County.
- After the closing of the polls, collect all the completed Voter Reidentification Update Forms (NVRA-20) and place them in the envelope addressed to the Board of Registrars.
VOTING PROCEDURES

The electronic poll pads contain all registered voters in Jefferson County (both Active and Inactive). Ask each voter to present a valid photo ID. If a voter provides a valid Alabama Driver’s License or Alabama State ID (i.e., Non-Driver’s ID), place the ID in the photo ID tray of the electronic poll pad, then press SCAN BARCODE. The back of the ID must face the electronic poll pad to scan. If a voter presents a different form of photo ID (i.e., U.S. passport, student ID card, military ID, tribal ID, government issued employee ID, etc., conduct a MANUAL ENTRY to locate the voter’s information. Verify the voter’s name and address against the information populated on the screen of the electronic poll pad and instruct the voter to accept and sign his or her name in the space provided. Once the voter is checked in, issue the voter the printed ballot receipt.

If the voter is INACTIVE, instruct the voter to complete a VOTER UPDATE FORM before he or she is allowed to vote. Once the voter has completed the VOTER UPDATE FORM, select FORM COMPLETED, on the electronic poll pad and continue processing the voter.

NOTE: If the voter has changed his or her address and still lives in the voting precinct, he or she can vote at that precinct after completing a VOTER UPDATE FORM. However, if a voter has a different address and his or her residence is no longer in the voting precinct, the voter will need to travel to the new precinct where he or she will vote by casting a provisional ballot. Davis v. Bennett 154 So. 3d 114(Ala.2014). If the voter’s name, new address, and/or precinct is not found, write the voter’s name and social security number down and contact the Board of Registrars at 205-325-5550 to verify the voter’s status.

It is very important to give the voter the correct ballot. A ballot receipt will print from the electronic poll pad after each voter check-in. The ballot receipt will provide the correct ballot style that a voter shall receive. This number establishes what offices a voter is eligible to vote for. The Ballot Distribution Clerk shall retrieve the ballot receipt from the voter and make certain that the ballot issued to the voter has the same ballot number on the printed ballot receipt. The Ballot Distribution Clerk will remove the ballot from the pad of ballots so that the stub remains attached to the pad. Ballots shall be given out in sequential order starting with the lowest number. The ballot receipts are to be place in Envelope BR-1.

IT IS IMPERATIVE THAT THE BALLOT DISTRIBUTION CLERK RETAINS THE BALLOT RECEIPT FROM EACH VOTER TO PREVENT VOTERS FROM RECEIVING MULTIPLE BALLOTS.
VOTING INSTRUCTIONS

The Ballot Distribution Clerk will give the voter a marking device and secrecy folder, then direct the voter to a voting booth or table to mark his or her ballot with the marking device provided. Any election official is allowed to instruct voters concerning the process or mechanics of voting at any time before the voter begins marking the ballot. No records or forms are required for such instruction. The voter should then be instructed to mark the ballot by filling in the oval next to the voter’s choice. The voter may place the ballot in the ballot counter in any orientation, meaning forward, backwards, up, or down. The machine will tabulate all ballots properly.

UNDER-VOTED AND OVER-VOTED BALLOTS

If the DS200 displays BLANK BALLOT, the voter must choose to return or cast the blank ballot. If the voter returns the ballot, ask the voter to verify that the entire oval next to the candidate’s name is filled in. There is no need to spoil the ballot. If the problem continues, contact Election Day Support.

If the DS200 shows a message indicating that the voter has made too many selections in a contest, the voter can choose to return the ballot or cast the ballot as marked. If the voter chooses to cast as marked, the over-voted contest will NOT be counted, but all correctly marked contests will be counted. If the voter chooses to return the ballot, the over-voted ballot must be spoiled, and the voter should receive a new ballot. Please refer to the Spoiled Ballots section, in this manual, for how to properly dispose of a spoiled ballot.

VOTER LEAVES BEFORE BALLOT IS ACCEPTED

Once a voter has successfully cast a ballot into the DS200, the machine will display the message, “THANK YOU FOR VOTING, YOUR BALLOT HAS BEEN COUNTED.” If a voter has inserted an incorrectly marked ballot and leaves before the ballot is accepted, the Ballot Counter Clerk is to cast the ballot as is. DO NOT return the ballot. Please do not let voters leave until the screen displays “THANK YOU FOR VOTING, YOUR BALLOT HAS BEEN COUNTED” to ensure that all voters ballots are cast properly.

All primary elections consist of Democrat (D) and Republican (R) ballots which are followed by a ballot number. This is what is established as the ballot style/type (D1/ R1). In general elections, the ballot style/type are only represented by a number. No letter will appear in front of the ballot number in general elections. A (D) or (R) will always be before the ballot number in all primary elections.

Inspect all ballots issued and verify that you were issued the correct number of ballots. In this example, you should have been issued 1,300 total ballots in two ballot styles. You ascertain that the first ballot of style D1 is serial number 12001, and the last ballot is serial number 12600. For the style R1 ballots, the first ballot is serial number 24001, and the last ballot is serial number 24700. Then makes 1300 ballots and therefore all is correct. You will write serial numbers on lines labeled “Beginning Number” and “Ending Number” under the corresponding ballot styles.

PRECINCT TROUBLESHOOTING

PROBLEM 1: BALLOT WILL NOT FEED INTO THE DS200.

Solution: VERIFY THAT THE SILVER BAR IS SEATED IN THE WHITE CLIP.
1. Locate the silver bar in the back compartment of the DS200.
2. Press the silver bar down into the white clip firmly.
3. The DS200 Ballot Counter can now process ballots.

PROBLEM 2: THE DS200 HAS BEEN TURNED ON AND THE MESSAGE “ELECTION DEFINITION NOT FOUND” APPEARS.

Solution: ENSURE THAT THE USB MEMORY STICK IS INSERTED PROPERLY.
1. Open the USB access door.
2. Ensure that the USB memory stick is inserted properly into the slot labeled “B”.
3. If this does not solve the problem, contact Election Day Support.
4. While waiting on a technician, direct voters to use the other DS200(s).

PROBLEM 3: THE DS200 BEEPS PERIODICALLY AND THE BATTERY ICON IS SHOWING ON THE SCREEN.

Solution: ASSURE THAT ALL POWER CORDS ARE PLUGGED IN SECURELY.
1. Follow the power cord from machine to the wall ensuring that the cords are plugged in securely.
2. Ensure that the wall outlet has power, it may be necessary to use another electrical outlet.
3. If problem continues, contact Election Day Support.
PROBLEM 4: THE REPORTS ARE GENERATING, BUT NO PRINTING IS VISIBLE ON PAPER.

Solution: ENSURE THAT THE PAPER IS INSERTED CORRECTLY.

1. See Problem #6, REPLACING PAPER ROLLS, for instruction on how to install the paper rolls correctly.

2. The problem is most likely to be that the paper is loaded in backwards, and the DS200 is trying to print on the wrong side of the paper.

3. Once Polls are closed, before you select Finished-Turn Off, select Report Options, select Voting Results, change Report Format from Public to Detailed, then ✔ Include Affidavit then Select print report. You will need to select it again if you need a second report to print out.

PROBLEM 5: BALLOT COUNTER FAILURE.

Solution: UTILIZE THE EMERGENCY BIN.

1. If there are no working ballot counters available, open the emergency bin door.

2. Turn metal flap down and relock the emergency bin door.

3. Instruct the voters to place their ballots in the emergency bin compartment, Once the ballot counters are repaired, open the emergency bin, and turn the metal flap up, then lock the emergency bin. Voters may now resume feeding ballots through the ballot counter. After the polls close, the ballots in the emergency ballot compartment should be removed by two clerks and processed through the ballot counter.

PROBLEM 6: PAPER ROLL HAS BEEN DEPLETED.

Solution: REPLACE PAPER ROLL.

1. Use the Barrel Key to unlock the USB Access Door, located above the Printer. This will provide access to the Blue Printer Release Lever.

2. Press the Blue Lever to unlock and open the Printer Door.

3. Pull the end of the new Paper Roll out past the adhesive glue and tear the glued area off.
4. Drop the paper into the Printer Paper Compartment (ensure that the glossy side of the paper is facing the away from the “teeth”).

5. Pull the end of the Paper Roll out toward the input tray of the DS200.

6. Close the Printer Door and press firmly on the door to ensure it is locked in place.

7. Lock the USB Access Door above the Printer.

8. To ensure that the Paper Roll is installed correctly, lay the excess paper across the Printer Door and scratch the paper with your fingernail. If the scratch marks the paper, it is loaded correctly.
